

MCP CellAtSea™ CrewSIM™ Prepaid Mobile Phone Service

Maritime Communications Partner (MCP) provides the CrewSIM™ prepaid mobile subscription, developed specifically for crewmembers. With CrewSIM™, crewmembers all over the world can keep in touch with friends and family at affordable rates, wherever they are.

How it Works

MCP CrewSIM™ allows crewmembers to make and receive voice calls, SMS and GPRS data services via MCP's mobile phone network installed onboard a vessel or an offshore installation.

The crew may subscribe to CrewSIM™ as they would with a mobile service provider on shore. They receive a SIM-card to place in their mobile phones. To refill accounts crewmembers can purchase "top-ups" onboard.

CrewSIM™ prepaid mobile services works in open waters where the MCP CellAtSea™ onboard system is automatically switched on.

With CrewSIM™, crewmembers will be able to make and receive phone calls at affordable rates, during off-duty times and in the privacy of the crew areas.

User Benefits

- The account balance may be checked at any time, free of charge
- Call credits are valid for an extended period
- When recharging the account within the validity period of the credits, any unused credits will transfer forward

Rates and Charges

When your crew needs to make a call, MCP can make the most of calling much cheaper. MCP not only provides extensive coverage but also affordable rates and tailored solutions to meet all of your communication needs.

There are no hidden costs, there is no connection fee, it is easy to set up and the prepaid account is simple to use translating to big savings for your personnel.

Calling Within the MCP Network

Special discounted rates apply for calls and text messages between CrewSIM™, whether they are on the same ship, another ship equipped with MCP's mobile network or offshore installation.

Ship Owner's Benefits

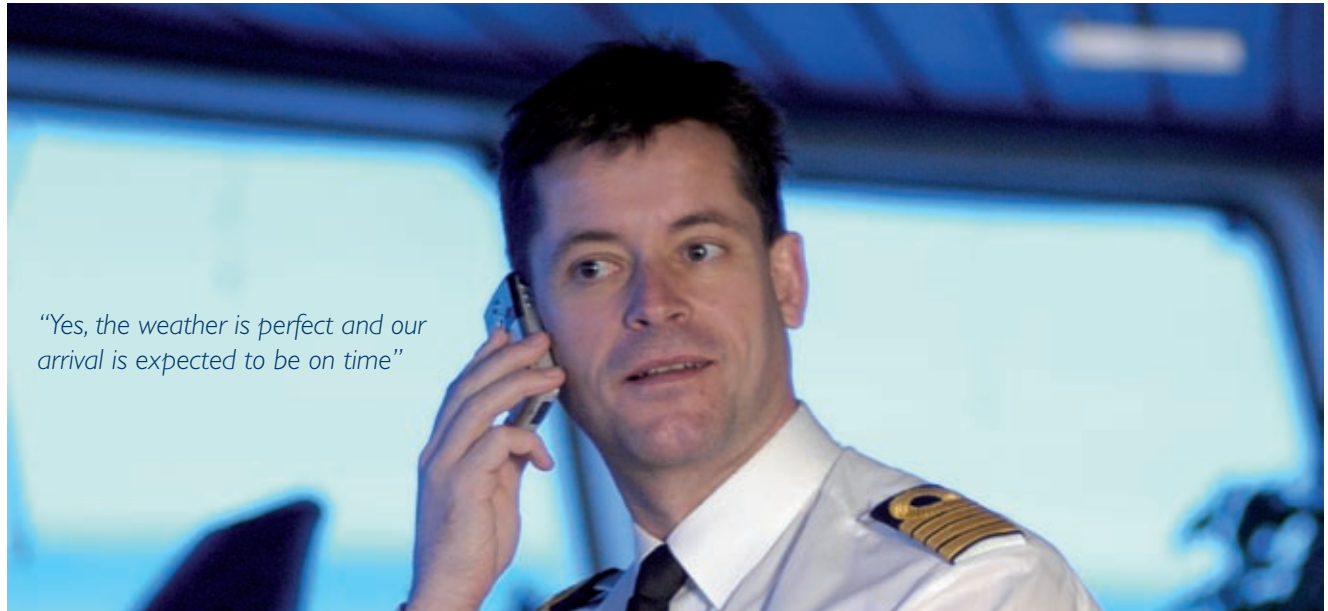

- Provide the crew with a convenient way of keeping in touch while at sea with a more personal and affordable alternative to satellite
- Build crew loyalty and career satisfaction
- Open new communications channel between crew members at sea and shore-based personnel

Why Choose MCP CrewSIM™ Prepaid Mobile Phone Service?

Once the MCP mobile network is installed on-board, you can offer the crew subscriptions from MCP to enable mobile calling at favorable rates. It works exactly the same as similar services offered by land-based operators, resulting in an ocean of benefits to your crew.

Customer

Crewmembers can contact Customer Care directly by SMS, phone or e mail.
